

Get Involved with the Academic & Career Development Department!

MassCPAs' academic and career development team

helps fuel the accounting pipeline by inspiring, educating and supporting the next generation of CPAs in Massachusetts.

Here are some ways you can get involved:

Visit a classroom on behalf of MassCPAs

Deliver a presentation to students regarding the opportunities available within the accounting profession and inspire the next generation of CPAs.

Be an event panelist/speaker

Share your career journey to inspire students to pursue a rewarding career in accounting.

Join the Academic & Career Development Committee

Share your career journey to inspire students to pursue a rewarding career in accounting.

Join our Speakers Outreach Bureau

Be made aware of speaking opportunities as they arise to interact and engage with our student members.

Volunteer at College & Career Readiness diversity-focused programs

Help us increase diversity in the profession by participating in our programs geared towards helping underrepresented students exploring a career in accounting.

Mentor

Answer questions that students may have on their pathway to becoming a CPA.

Support the MassCPAs Educational Foundation

Your contribution can make a difference in the lives of aspiring CPAs by supporting them financially through the pipeline. Our Foundation supports several student related programs and scholarships. To learn more about the initiatives of the Foundation, visit masscpas.org/edfoundation.
